Using the S.A.F.E.T.Y.™ assessment to create self-awareness, this accreditation enables you to lead team members or clients through a 1:1 Safety Debrief session teaching them:

- The importance of psychological safety for wellbeing and performance
- The nonconscious drivers of behavior
- Their S.A.F.E.T.Y.™ profile and scores
- How they derive their psychological safety
- The potential impact of their S.A.F.E.T.Y.™ profile on themselves and on others
- Brain-based strategies to manage their triggers and biases
- Developing a S.A.F.E.T.Y.™ filter and perspective

The eight week accreditation is conducted virtually with a blend of recorded webinars, live peer activities and Q&A with the experts.

Successful graduates qualify to continue on to the Stage 2 Accreditation where they will become accredited to facilitate Team S.A.F.E.T.Y.™ debriefs.
